Chief Madden told the strikers if there were anymore attempts at intimidation there would be "bloodshed." Many of the men were searched for weapons, but none were found. Much larger crowds were at work yesterday at all the mines.

Verailles, Aug. 1.—The request made by Henry Huntington, who last Sunday shot and wounded his two sisters and two brothers at the bedside of his dying father, for permission to attend the funeral of his father today has been refused by M. Hirsch, the ex-acting magistrate, on the ground that his presence would probably result in a scene.

## ROADS AT ODDS WITH UNCLE SAM.

Open Break is Near Because of Fines Imposed for Late Mail Trains.

Chicago, Aug. 1.—Western railroads are near an open break with the post-office department over the transportation of the mails, owing to several recent orders. The latest cause of grievance is the imposition of heavy fines on nearly all the roads for delay in delivering the mails.

To consider the situation a number of railroad officials held an important conference here yesterday. One official declared that the fines levied by the government against the road had in many cases amounted to \$40,000. A similar condition on other roads was reported.

The fines were assessed under a rule which went into effect in July, 1906. The roads are amazed to find that they are in danger of losing 15 per cent of their mail pay unless they revise schedules and place their mail trains upon running time which they know they can maintain in all seasons and in all kinds of weather.

The new rule, the roads declare, is oppressive and unjust. It provides that if during a period of ninety days, the road during the same ninety days, the road shall be assessed 15 per cent of the pay of that route for the quarter. Under the speed standards as now established, railroad men declare, it will be a marvel for almost any of the big western systems to escape having their important mail trains late more than ten times in ninety days.

## NEW YORK-CHICAGO RATE

WAR IS IMMINENT.

Grand Trunk Set Pace and Erie & Wabash Expected to Follow With a Cut Which Will Start the Fight.

Chicago, Ill., Aug. 1.—A rate war among the railroads from Chicago to New York is threatened. Passenger officials of all these lines were to have met here Tuesday to consider the reductions in party rates by the Michigan Central and Grand Trunk roads, but several officials telegraphed that it would be impossible for them to attend the meeting.

As peace could be secured only by all lines joining in an agreement, the meeting was postponed indefinitely. It was announced Tuesday that the Wabash and Erie roads would also put into effect as soon as they can do so in compliance with the interstate commerce law, the same party rates as the Grand Trunk, \$15.75 per capita for parties of 10 or more traveling on one ticket from here to New York. This is a cut of \$1 from their present rate.

If the Michigan Central makes another reduction in its party fares a general rate war will probably be precipitated.

It's pretty hard to attend to duties with a constantly aching back; with annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache. They cure every kidney ill.

Mrs. M. M. Nelson of 18 West street, Barre, Vt., says: "Doan's Kidney Pills, procured at E. A. Drown's drug store, eight years ago, benefited me so greatly that I gave for publication a statement telling of my satisfactory experience with them. At that time a severe attack of the grip had left my kidneys in a weak condition, and instead of getting better I grew worse. The slightest housework tired me and if on my feet much sharp pains caught me across my back and compelled me to stop and rest. Other complications came on and trouble with the kidneys excruciating. I paid out over a hundred dollars for doctor's bills and medicines, but got no relief. I was finally advised to try Doan's Kidney Pills and did so. I received relief from the first few doses and as I continued using the remedy the attack from which I was suffering was completely relieved. Since then I have never been without Doan's Kidney Pills in the house and have often used them, and always with the same beneficial results. I am always glad to recommend this reliable medicine to my friends and acquaintances."

## GREAT SMUGGLING COMBINE

FOUND IN MEXICO.

Officers Say Government Has Been Fleece Hundreds of Thousands of Dollars by the Deal.

Juarez, Mex., Aug. 1.—The most stupendous smuggling operations ever known in Mexico have been unearthed here by the federal authorities of this country, aided by United States customs officers.

The mercantile establishment of Kellison & Degatun, one of the largest in northern Mexico, has been seized by the federal authorities. It is stated that orders have been issued for seizures of other large stores in different cities of the country.

It is claimed that hundreds of thousands of dollars' worth of dry goods, clothing hats, shoes and other merchandise have been smuggled across the border by the men in the scheme.

Fifteen cases of merchandise billed to Mayor Sylvana Montemayor were seized here last night. They were consigned as coal. The goods were covered with a thin layer of coal. It is reported that a number of prominent American firms are implicated in the operations.

More than 40 persons, including several of the leading and wealthiest business men of Juarez are under arrest.

Mayor Montemayor has risen to great wealth within a few years. He owns large warehouses here. He has disappeared. He was the personal friend of Ambassador Enrique Creel, and wielded great influence in governmental affairs in the case of Chiuhhuahua. His business establishments have been seized by the federal authorities.

## ICELAND SHALL BE FREE,

Frederick Pledges Himself in a Speech at Reykjavik.

Reykjavik, Iceland, Aug. 1.—At a banquet given in his honor last night King Frederick of Denmark, who, accompanied by Prince Harald, Premier Christensen, and forty members of the Rigsdag, arrived here yesterday, announced his policy regarding the future relations between the Danish crown and Iceland.

"I have inherited the kingdom as a unit," said King Frederick, "and as such it shall remain from generation to generation, but I have also inherited from my father the tradition that the Icelanders are to be a free people who operate with the king in framing the laws under which they are to live. I have therefore established a commission consisting of members of the Danish Rigsdag and the Icelandic Althing, to arrange for legislation to define the constitutional position of Iceland in the realm and to find a form under which the freedom of Iceland may be built up and protected, while, at the same time, the unity of the realm is preserved and insured."
